1. Introduction

1.1 About this statement

1.2 The Infrastructure Funding Statement (IFS) is an annual report which must be published each year in line with changes to the Community Infrastructure Levy Regulations 2010 - see Community Infrastructure Levy (Amendment) (England) (No.2). It sets out the reported year 2024/25 receipts and expenditure relating to developer contributions from both the community infrastructure levy (CIL) and section 106 (S106) agreements. Sheffield City Council is the charging authority and collecting authority and this is the Council's sixth infrastructure funding statement.

1.3 In accordance with Community Infrastructure Regulation 121A (1) (a) (b) & (c) this statement sets out the Council's position on:

- the infrastructure projects or types of infrastructure which the charging authority intends to be, or may be, wholly or partly funded by CIL in the future (excluding the neighbourhood CIL);
- the CIL allocation, collection and expenditure, specified in Schedule 2 Section 1 of the CIL Regulations 2010; and
- the Section106/planning obligations allocation, collection and expenditure, specified in Schedule 2, Section 3 and 4 of the CIL Regulations 2010.

2. Infrastructure Matters

2.1 This Statement sets out how strategic infrastructure projects across the city have benefited from the allocation of funds received in relation to strategic CIL, including funds received across the reporting year of 2024/25. The delivery of significant infrastructure projects does of course take time, and this is reflected in the reported spend figures. However, projects have and will continue to progress, playing a key role in supporting growth and investment opportunities.

2.2 Looking forward, there is a need to produce an updated statement of the strategic infrastructure projects or types of infrastructure which Sheffield intends will be, or may be, wholly or partly funded by CIL. This is known as the 'Infrastructure List'. CIL Planning Practice Guidance states that "local authorities must spend the levy on infrastructure needed to support the development of their area"[1]. These future spending priorities should be in line with up-to-date or emerging plan policies[2].

2.3 Sheffield City Council is working on a new local plan (The Sheffield Plan[3]) which will shape the future of the city by setting out how and where development will take place up to 2039[4]. The draft Sheffield Plan was submitted to the Government in October 2023 and is currently going through the Public Examination stage. Following a pause in the Examination process to allow the Council to identify additional land for housing and employment development, it is expected the Plan will be adopted in 2026. The Plan will provide the future framework for decision making on planning matters.

2.4 The Sheffield Plan identifies locations and sites for development, which will enable us to determine suitable strategic infrastructure projects required to deliver specific levels and types of growth. The Plan is supported by an Infrastructure Delivery Plan (IDP). The first part of the IDP is the Infrastructure Needs Assessment[5] which identifies the implications for future growth, setting out the baseline context of infrastructure provision across the city as a whole, and in individual sub-areas. Part 2 of the IDP includes an Infrastructure Schedule[6] which sets out the current expectation of specific infrastructure schemes to support growth. The Schedule was revised in January 2024 as part of a minor update to Part 2 of the IDP to reflect the results of the Transport Assessment that was produced to support the Sheffield Plan. Further Addendums were published in April 2024[7] and May 2025[8] to reflect ongoing evidence updates produced during the course of the Public

[5] IDP Part 1
[6] IDP Part 2 (Minor Update), January 2024.
[7] IDP Part 2 Infrastructure Schedule Addendum), April 2024
[8] IDP Part 2 (Infrastructure Schedule Addendum), May 2025

Examination on the Sheffield Plan. The most recent addendum includes consideration of the infrastructure needed to support proposed additional site allocations on land currently designated as Green Belt.

2.5 Part 2 of the IDP draws on the Council's infrastructure priorities based on the policies and allocations in the Sheffield Plan and thus sets out a detailed list of potential infrastructure schemes in Sheffield. Schemes are categorised as either 'fundamental', 'integral' or 'beneficial' according to how important they are to enabling implementation of the Plan. The list of schemes will help to inform the Infrastructure List that sets out what the Council intends for CIL to be wholly or partly spent on.

2.6 Table 1 below indicates that we have already allocated a large amount of CIL to existing strategic infrastructure projects, and we must ensure that we have enough available CIL to help support the infrastructure needs identified in the IDP. Therefore, whilst we await the outcome of the Sheffield Plan examination, it is prudent that we do not include a specific infrastructure list in this IFS. It is however helpful to refer to the Infrastructure Delivery Plan to help guide decisions on allocating strategic CIL in the meantime to ensure this is being utilised to support suitable strategic infrastructure projects required to deliver the specific levels and types of growth that are proposed in the draft plan.

2.7 Planning obligations will still be required in accordance with Regulation 122 of the Community Infrastructure Levy Regulations 2010 (as amended). The Sheffield Plan[9] introduces an updated approach to securing other (non-CIL) developer contributions to help deliver infrastructure and, once the Sheffield Plan has been adopted, more detail on this approach will be set out in an update to the current CIL and Planning Obligations Supplementary Planning Document.[10]

3. Community Infrastructure Levy Matters

3.1 Types of CIL Receipts and Expenditure

3.2 The Council began charging the Community Infrastructure Levy (CIL) on 15 July 2015. CIL is a tariff-based charge on the development of new floorspace (per square metre plus indexation). The money can be used to fund a wide range of infrastructure (e.g., education, transport, open space, and public realm) that is needed to meet the future growth needs of the City.

3.3 The national CIL legislation requires 15% of the CIL collected to be retained to support local communities (this becomes 25% in areas where there is an adopted Neighbourhood Plan). This is referred to in national CIL Guidance as the 'neighbourhood CIL'. Where there are local councils such as town and parish councils, this 15% will be paid over directly to the local councils to spend on their infrastructure priorities. Where there is an area that has a Neighbourhood Plan in place then 25% will be passed over for spending on the priorities identified in the Neighbourhood Plan and the Ward Priorities. As most of the city is unparished, with the exception of 10% set aside to support the development of Neighbourhood Plans[11], the Council has chosen to allocate all the remaining neighbourhood CIL not in a Neighbourhood Plan Area to individual wards (this is calculated using Indices of Multiple Deprivation). Our Local Area Committees co-ordinate how this is spent following consultation with their local communities, Ward members and agreement by the Chair of Communities, Parks and Leisure Policy Committee and the Director of Customer Experience & Communities. Up to 5% of CIL receipts can be used by the collecting authority to cover administrative expenses. The remaining amount is the main CIL 'pot' that is available for spending on the Council's priority strategic infrastructure projects.

3.4 Paragraphs 3.5 to 3.17 below outline the collection, expenditure, and allocation of Sheffield CIL in 2024/25.

3.5 CIL Receipts 2024/25

3.6 The amount of CIL payable depends on where the development is located within the city and the type of development (ranging from £0, £30, £40, £50, £60, and £80 per square metre). The Sheffield CIL Charging Schedule and map of the charging zones are available to view from the Council's website at https://www.sheffield.gov.uk/cil. Unlike S106, the rate of CIL payable is both mandatory and non-negotiable (the only exception being where relief or exemptions are applied for and granted).

3.7 When a development is granted, a liability notice is sent out stating what amount of CIL is payable for the chargeable development. Once the chargeable development is commenced, a demand notice is sent out requesting the payment in accordance with the instalment policy[12]. The total

[11] Draft Protocol for Cabinet Reports (sheffield.gov.uk)
[12] CIL Instalment Policy

value of demand notices issued in 2024/25 is £2,397,632.32. This is made up of the total amount of all liability notices (£2,211,555.37), total surcharges (£100,737.31), and total late payment interest accrued (£85,339.64).

3.8 The total amount of CIL received in the reporting year 2024/25 was £2,579,360.54. Table 1 below shows all CIL received, up to and including the reporting year, and what remained unallocated at the end of the reporting year, split into the 2 CIL categories. The Strategic CIL shows an unallocated amount that is waiting to be allocated to projects. Neighbourhood CIL shows what has been passed to the parish councils, neighbourhood plan areas and the unparished amount allocated to wards in accordance with the Indices of Multiple Deprivation (IMD) approach (see Appendix 1). The CIL Administration percentage is included in the Strategic CIL amount for receipts but is shown separately for expenditure (see 3.16).

Table 1 – CIL Total Receipts received that remain Unallocated in the reporting year

Type	Total CIL Received (up to and including the reporting year)	Total CIL Allocated	Total CIL Unallocated
Strategic CIL	£27,698,428.83	£18,485,399.90	£9,213,028.93
Neighbourhood CIL	£4,847,850.00	£4,847,850.00	£0

3.9 CIL Expenditure 2024/25

Details of the expenditure are broken down into the 3 CIL categories below:

3.10 Strategic CIL

3.11 Largely owing to the context set out in Section 2 above in respect to the Local Plan examination, Table 2 below shows that Strategic CIL funds have only been allocated to one project in 2024/25. It is important to note that allocation and expenditure has taken place in previous years, this information can be found in the previous IFS reports. Also, the allocation and spend amounts in Table 2 do not correlate as allocation is not always spent in the same year. A total of £1,450,921.63 was spent in 2024/25. For information, but not shown in Table 2, the expenditure including previous years totalled £9,327,344.12.

3.12 The delivery of significant infrastructure projects is evident in the spend figures provided, and such projects will continue to play a key role in supporting growth and investment opportunities.

Table 2 – Strategic CIL Allocation and Expenditure 2024/25

Project	Amount Allocated	Amount Spent
Bus Rapid Transit	£0.00	£10,025.00
Lower Don Valley Flood Defence	£0.00	£658.00
Renewable Energy	£0.00	£151,116.65
Upper Don Valley Flood Scheme	£0.00	£60,113.78
Shalesmoor Strategic Road Network Scheme	£0.00	£47,150.33
Priority Highway Improvements	£0.00	£981,857.87
GP Surgery New Era Square	£200,000.00	£200,000.00
TOTAL	£200,000.00	£1,450,921.63

3.13 Neighbourhood CIL

3.14 As mentioned above, where there is a town or parish council the 15% neighbourhood CIL is passed directly to them to spend on their infrastructure priorities, shown in Table 3 below. Details of how the local councils have spent the CIL passed to them can be found on their websites[13].

Table 3 – Total Neighbourhood CIL passed to local councils in 2024/25

Local Council	Amount
Stocksbridge Town Council	£0.00
Ecclesfield Parish Council	£10,350.48
Bradfield Parish Council	£4,110.72

3.15 Table 4 below sets the expenditure of the neighbourhood CIL in unparished wards, not in a neighbourhood plan area (as determined by the Local Area Committees). For allocation and amounts unspent please refer to Appendix 1. There is no expenditure for neighbourhood plan areas in 2024/25. For allocation and amounts unspent in the neighbourhood plan areas see Appendix 2.

[13] Planning (stocksbridge-council.co.uk); Bradfield Parish Council; Ecclesfield Parish Council – Serving Your Community (ecclesfield-pc.gov.uk)

Table 4 – Neighbourhood CIL (unparished) Expenditure 2024/25

Project	Ward	Amount
Crookes Table Tennis Club – Contribution towards refurbishment outbuilding	Crookes and Crosspool	£1,000.00
Improving access into the building for community access to 'A Better Fit'.	Crookes and Crosspool	£1,989.97
High Hazels Park Shelter	Darnall	£10,000.00
Mather Road Recreation Ground Improvements	Darnall	£7,223.05
Environmental Stewardship Project	Darnall	£7,000.00
Darnal FA Ltd – Building a learning facility	Darnall	£25,450.00
215th Sheffield & 1st Totley Scout Group – Contribution towards new flooring in main hall of scout hut	Dore and Totley	£10,000.00
Longley Park Playground Improvements	Firth Park	£16,372.00
Firth Heritage Play Park Improvements	Firth Park	£13,440.00
Fox Audio Hire Ltd – Firth Park Shopping Area Festive lights and Street Scene items	Firth Park	£4,900.00
Firth Park Shopping Centre - Festive Lights and Street scene items	Firth Park	£745.00
Redmires Road Speed Limit Changes Project	Fulwood	£5,635.37
Disabled Parking Bays in SCC car park to be used by local GP Practice	Gleadless Valley	£750.00
Repairs to Football Pitch and Site Fencing	Gleadless Valley	£437.50
Spotswood Mixed Use Games Area	Gleadless Valley	£2,354.00
Meersbrook Park Users Trust – Ecological Improvements	Gleadless Valley	£3,000
New Football Posts at Hensworth and Herdings	Gleadless Valley	£745.00
United In Sport Community Gym Equipment	Graves Park	£1,000.00
Mount View Methodist Church – Safe Seating	Graves Park	£1,091.00
Double Six Youth Club – Folding Chairs and Trolley	Graves Park	£979.20

Wood Carved Chairs and Artwork	Graves Park	£3,000.00
Community Noticeboard	Graves Park	£400.00
Contribution to Street Art Project on Norton Underpass	Graves Park	£500.00
Work to Renovate, Furnish and Equip a Space for a Community Arts Project	Graves Park	£7,420.00
Norton Woodseats Cricket Club – Junior Cricket Equipment	Graves Park	£620.00
Renovation of Rose Garden Café	Graves Park	£15,000.00
Mossbrook School – Playground Improvements Trim Trail	Graves Park	£5,500.00
Security Equipment for Norton History Club Building and Remembrance Statues	Graves Park	£2,995.00
Double Yellow Line Scheme Design	Graves Park	£4,321.00
Traffic Regulations – Double Yellow Lines	Graves Park	£6,500.00
Woodlands Management Plan – Gleadless Valley Wildlife Trust	Graves Park	£4,000.00
Friends of Graves Park – Community Engagement Equipment	Graves Park	£2,092.00
Norton Woodseats Cricket Club – Equipment and a cricket scoreboard	Graves Park	£3,600.00
Hillsborough Bike Park	Hillsborough	£10,000.00
Highways works and lighting to secure community Christmas tree	Hillsborough	£10,000.00
Changing Places Toilets	Hillsborough	£10,000.00
New Entrance to Hillsborough Liabrary	Hillsborough	£5,000.00
Lower Manor Community Development Worker	Manor Castle	£50,000.00
Environmental Stewardship Project	Manor Castle	£7,000.00
Environmental Stewardship Project	Mosborough	£2,000.00
S20 Foodbank – Citizens Advice Bureau Provision	Mosborough	£3,468.00
Thorpe Green Park Improvements – installation of new equipment and resurfacing	Mosborough	£30,000.00
Archer Lane Allotment & Home Garden Society - Allotment & Community Work	Nether Edge and Sharrow	£2,500.00

Nether Edge Neighbourhood Group Development of pocket park	Nether Edge and Sharrow	£500.00
Environmental Stewardship Project	Park and Arbourthorne	£7,000.00
Errington Estate CIL Improvements - the renovation works included new railings, improvement of drying areas, ramps/paths and fencing	Park and Arbourthorne	£29,537.33
Environmental Stewardship Project	Richmond	£7,000.00
Upper Wincobank Undenominaltional Chapel – Plastering, insulation and fire-lining of building	Shiregreen and Brightside	£2,000.00
Fox Audio Hire Ltd – Lights installation and removal to Shiregreen and Brightside Shopping Area	Shiregreen and Brightside	£5,800.00
G Burley Sons Ltd TA Plantscape – Lamppost planters	Shiregreen and Brightside	£1,255.00
Amey – Supply and installation of Commando Sockets to Shiregreen Shopping Area	Shiregreen and Brightside	£2,082.14
4 new planters and new seating benches to Shiregreen Shopping Area	Shiregreen and Brightside	£5,663.31
Parson Cross Amateur Boxing Club - Equipment	Southey	£1,730.00
Oakbrook Services – Yewlands School/Cinder Path- Repair to gabion cages and tree/forestry work	Southey	£1,450.00
Avanti Steel Fabrication-Community Garden fencing take down and reinstall	Southey	£1,950.00
Avanti Steel Fabrication-Community Garden fencing and gate installation	Southey	£10,991.62
Parks & Countryside - Yewlands School/Cinder Path - Planting round gabion cages and tree/forestry work	Southey	£1,575.00
Audio Hire Ltd - Lights installation and removal including timers to Southey Shopping Area	Southey	£4,410.00
Parsons Cross Amateur Boxing Club - New boiler and update system installed in gym	Southey	£3,760.00
Amey - supply and Installation Commando Sockets at Southey Shopping Area	Southey	£2,082.14

Supply and Installation of Commando Sockets and timers to Southey Shopping Area	Southey	£2,203.30
Upperthorpe Precint - Transport/Highways Building Project	Walkley	£7,300.00
Environmental Stewardship Project	Woodhouse	£2,000.00
Redeveloping the compound at East Park	Woodhouse	£3,507.00
Improvements at Hazelbarrow Park	Beauchief and Greenhill	£1,200.00
Path extension to Greenhill Parkway Footway	Beauchief and Greenhill	£3,038.50
Lowedges Street Art Project	Beauchief and Greenhill	£661.00
Improvements to Jordanthorpe shopping precinct	Beauchief and Greenhill	£20,000.00
Tree planting project at Jordanthorpe	Beauchief and Greenhill	£1,994.52
Restoration and refurbishment of Rose Garden Café, ensuring it remains a valued community asset supported by local community organisations	Beauchief and Greenhill	£10,000.00
Environmental Stewardship Project	Beighton	£2,000.00
Avanti Steel Fabrications Fencing at Sycamore Park	Beighton	£5,910.00
Charnock Bike Track Club Resurfacing of bike track	Birley	£2,591.00
S12 Community Pantry - Towards Citizens Advice Bureau Provision for 12 Months	Birley	£3,000.00
Parkwood Springs Work Pack 3&4	Birley	£26,436.68
Environmental Stewardship Project	Birley	£2,000.00
Broomhall Centre - Window Replacement	Broomhill and Sharrow Vale	£14,705.00
Springfield Floodlights	Broomhill and Sharrow Vale	£5,400.00
Cruyff Court 3G Pitches	Burngreave	£11,500.00
Springfield Floodlights	City	£5,400.00
Kinca Kelham Island Trees	City	£30,503.26
City of Sanctuary - Kitchen Renovation	City	£2,365.00
Friends of SCC - Love Square Urban Community Orchard	City	£3,000.00
Friends of SCC - Reseeding Nursery Street	City	£1,000.00

3.16 CIL Administration

3.17 In accordance with CIL Regulations, up to 5% of CIL funds can be retained annually to cover administration costs. The amount of CIL spent on administration across 2024/25 was £131,115.24. This was 5% of the total CIL collected in 2024/25. CIL Administration includes ongoing functions like establishing and running billing and payment systems, enforcing the levy, the legal costs associated with payments in kind and monitoring and reporting on levy activity.

4. Section 106 (S106) Matters

4.1 S106/Planning Obligations

4.2 S106 Agreements (also known as Planning Obligations) are legal agreements which can be attached to a planning permission to mitigate the impact of development.

4.3 S106 legal agreements can only be sought where they meet the three tests that are required to grant planning permission. The tests are:

- necessary to make the development acceptable in planning terms;
- directly related to the development; and
- fairly and reasonably related in scale and kind to the development.

4.4 These tests are set out in the CIL Regulation 122[14] and the National Planning Policy Framework (paragraph 58)[15].

4.5 S106 contributions can either be provided on-site, for example through the provision of affordable housing, or off-site in the form of financial payments. Further details can be found in Sheffield's Community Infrastructure Levy and Planning Obligations Supplementary Planning Document[16].

4.6 The collection, expenditure and non-monetary S106 contributions in accordance with the regulations, are detailed below in paragraphs 4.7 to 4.29.

4.7 S106 agreements contributions received

4.8 There have been 9 S106 agreements (including deed of variations and supplemental deeds) signed in 2024/25 with potential future receipts of £352,501.69, becoming due once the developments have commenced. This figure does not consider indexation (inflation/deflation) that may be applied when the money becomes due.

4.9 S106 agreements and other relevant documentation from each planning application can be viewed online at https://planningapps.sheffield.gov.uk/online-applications/.

4.10 The total amount of Section 106 receipts in the reporting year 2024/25 was £1,214,357.23, which is an increase of 798.5% compared to the previous year, with larger receipts coming from Education, Ecology and Affordable Housing contributions where triggers had been met on site.

[14] CIL Regulation 122
[15] National-Planning-Policy-Framework
[16] Community Infrastructure Levy and Planning Obligations SPG

4.11 S106 Expenditure and Allocation

4.12 Spending and allocation of S106 funds in 2024/25 has been split amongst the following categories: -

4.13 Affordable Housing

4.14 Affordable housing contributions are made by S106 agreements and require the provision of units on-site or contributions towards off-site provision. Table 6 below shows the off-site contributions allocated and spent in 2024/25. These projects will deliver new social housing across the city. There has been 55 on-site affordable housing units agreed by S106 in 2024/25, along with 1 outline planning permission requiring 10% of the total gross internal area to be provided as affordable housing.

Table 6 – Affordable Housing Allocation and Expenditure 2024/25

Project	Allocated	Spent
New Build Council Houses – Newstead Gardens	£1,949,315.19	£1,949,315.19
New Build Council Houses – Move on Provision	£1,060,000.00	£1,060,000.00

4.15 Education

4.16 School infrastructure provision, within the local area is required where it is necessary to make major residential developments sustainable. S106 contributions are therefore used to increase capacity of local schools, either through an extension or commissioning a new school. S106 contributions usually form part of funding required as shown in Table 7 below.

Table 7 – Education Expenditure 2024/25

Project	Spent	Description
Stocksbridge Hub	£170,470.00	Provision of additional space for SEND Support at Stocksbridge High School
Wharncliffe Side Primary School	£134,829.00	Contribution towards a permanent expansion of the school to meet the demand on primary mainstream places.
Forge Valley School	£419,528.00	Contribution towards an expansion of the school to meet the demand on secondary mainstream places

4.17 Open Space

4.18 S106 agreements are used to deliver open space on site (or within the locality of the development). The types of open space that can be secured through Section 106 agreements include:

- outdoor sports facilities
- provision for children and teenagers
- parks
- natural and semi-natural urban open spaces
- river and canal banks, cycleways, and rights of way
- allotments, community gardens, and city (urban) farms
- churchyards, cemeteries and gardens of rest (associated with crematoria)
- accessible countryside in urban fringe and rural areas
- civic spaces, including civic and market squares, and other hard surfaced areas designed for pedestrians

4.19 The Council has spent £308,338.65 of S106 monies on open space projects in 2024/25 (see Table 8 below).

Table 8 – Open Space Expenditure 2024/25

Project	Spent	Expenditure Description
Totley Bents Cricket Pitch	£9,786.00	To improve facilities for cricket at Totley Bents Recreation Ground by creating a new Non-Turf Cricket Pitch (NTP) and delivering renovation works to the grass cricket wicket
Mather Road Improvements	£9,509.95	Supply and installation of the new playground and associated works
Handsworth Recreation Improvements	£51,873.75	Improve play for disabled and non-disabled younger children, improve the games area by re-marking and replacing basketball hoops, improve existing safety surfacing by adding/replacing around existing equipment, improve access and support boundary security
Parson Cross/Burngreave 3G Pitch	£2,995.00	Develop new 3G football pitches at these sites
Concord Park	£393.27	Works to improve Public Rights of Way at the site
Upper Hanover/Ponderosa	£86,803.79	Improvements to Multi use games area to raise quality,

Project	Spent	Expenditure Description
Multiple Use Games Area		make more welcoming, safer, and accessible for a wider range of users
Heathlands Park	£125,364.65	Improved seating, play equipment, play area and surfacing at site
Tinsley Green Multiple Use Games Area Improvements	£121,205.43	Resurfacing, remarking and installation of new fencing at site
Maintenance	£828.12	Allocation to reserve for ongoing maintenance of S106 funded assets
Forge Dam Heritage and Wildlife Improvements	£8,991.90	Repair works to the sluice gate to prevent leaks
Mount Pleasant Park	£8,441.50	Improvements to the adventure playground community building, café and toilets
Philladelphia Gardens Improvements	£440.86	Minor works at Philly Gardens
Philladelphia Gardens Improvements	£2,274.14	Minor works at Philly Gardens & regrading wildflower area
Graves Park Improvements	£635.72	Contribution to improved facilities

4.20 Highways

4.21 Any type of new development will have an impact on transport infrastructure. Funding will normally be provided through CIL and mainstream funding programmes. However, there will be instances where development may cause a significant site-specific impact and require a S106 agreement. The S106 Highway expenditure for 2024/25 can be seen below (Table 9).

Table 9 – Highways Expenditure 2024/25

Project	**Spent**	**Expenditure Description**
St Vincents Parking Scheme	£30,476.32	Contribution to feasibility process of implementation of pay and display parking scheme
Little Don Link – Oughtibridge	£52,830.49	Contribution to feasibility works of creation of new walking/cycling route
Traffic Signalling Improvements	£37,025.00	Contribution to Traffic Management System
Netherthorpe Tram Stop Improvements	£50,648.93	Contribution to SYPTE Upgrade
Heart Of The City	£35,028.00	Public Realm Improvements

4.22 **Ecology**

4.23 S106 legal agreements are used to secure commitment to habitat creation, management and monitoring required for Biodiversity Net Gain (BNG).

Table 10

Project	**Spent**	**Expenditure Description**
Owlthorpe Housing development off Moorthorpe Way	£2,144.26	Scheme to monitor and evidence whether the biodiversity net gain has been delivered in accordance with the landscape and ecological management plan.

4.24 S106 Administration

4.25 The amount of planning obligation money collected and spent in respect of monitoring and reporting of Section 106 agreements in 2024/25 is £3,703.74.

4.26 Non-monetary S106 agreements

4.27 The Council has agreed 3 non-monetary S106 agreements relating to on-site affordable housing, a land drainage scheme, public open space, and highway works for planning permissions 23/04023/FUL, 23/03815/OUT and 22/02303/OUT.

4.28 Current S106 Balance

4.29 As a result of the receipts and expenditure set out in paragraphs 4.10 to 4.27 above, the amount retained at the end of 2024/25 was £15,3251,204.79. Spend significantly increased this year, due to projects commencing. £10.7m is committed to schemes over the next 5 years, with the remaining £4.7m available to be allocated towards future projects, in accordance with the requirements defined within the Section 106 agreements.

4.30 Section 278 (S278) Agreements

4.31 Section 278 agreements under the Highways Act 1980 are legally binding agreements between the Local Highway Authority (Sheffield City Council) and the developer to ensure delivery of necessary highway works because of new development.

4.32 The required works may include:

- strategic highways;
- pedestrian & cycle routes; and
- transport projects.

4.33 The Council has entered into 12 S278 agreements during 2024/25 with the estimated value of works totalling £2,322,000. The value of works is similar to last year, but with a smaller number of schemes. For the full list of projects see Appendix 3.

5. Further information

5.1 If you have any further queries or comments about this statement, please contact us via email cil@sheffield.gov.uk or phone 0114 2037642.

Appendix 1 – Unparished Neighbourhood CIL allocated by Indices of Multiple Deprivation (IMD) 2024/25

Neighbourhood CIL not in a Neighbourhood Plan Area (see Appendix 2 for Neighbourhood Plan Areas), was allocated to Wards following the approval of the Indices of Multiple Deprivation (IMD) approach in 2019. Our Local Area Committees co-ordinate how this is spent following consultation with their local communities, Ward members and agreement by the Chair of Communities, Parks and Leisure Policy Committee and the Director of Customer Experience & Communities. In many cases further work is required to identify and develop viable local projects, which can delay spend. However, now that processes are in place, we have seen an increase in spend in this reporting year.

Ward	**Allocated Amount (up to and including the reporting year)**	**Amount Unspent (as of 31 March 2025) (For spend in 2024/25 see 3.15 above)**
Broomhill & Sharrow Vale Ward	£71,268.87	£42,201.87
City Ward	£241,569.19	£172,739.93
Hillsborough Ward	£117,938.55	£37,993.54
Walkley Ward	£145,664.38	£91,048.38
Darnall Ward	£258,829.40	£61,108.35
Manor Castle Ward	£280,420.38	£156,391.95
Park & Arbourthorne Ward	£232,874.79	£183,178.46
Richmond Ward	£160,642.42	£98,604.70
Burngreave Ward p	£319,248.75	£78,249.27
Firth Park Ward	£309,616.06	£186,437.55
Shiregreen & Brightside Ward	£233,526.97	£84,676.18
Southey Ward	£286,176.34	£77,650.44

Stannington Ward	£39,404.75	£17,380.75
Monies to support Neighbourhood Plans	£444,280.48	£442,691.46

Appendix 2 - Unparished Neighbourhood CIL allocated to Neighbourhood Plan Areas

The approach to allocate Neighbourhood CIL to Neighbourhood Plan Areas was approved in March 2022. This means, from the date of adoption, 25% of Neighbourhood CIL collected in a Neighbourhood Plan Area, will be ringfenced for use in that area in accordance with the priorities identified in the Neighbourhood Plan and agreed Ward Priorities. With spending authorised as per the process explained in Appendix 1 above.

Neighbourhood Plan Area	Allocated Amount (up to and including the reporting year)	Amount Unspent (as of 31 March 2025)
BBEST Neighbourhood Plan Area	£11,441.04	£11,441.04
Dore Neighbourhood Plan Area	£21,058.40	£21,058.40

Appendix 3 - Section 278 agreements 2024/25

S278 Agreement	Planning Application Reference	Type of Works	Value of Works (k)
Bodmin Street	24/02936/RG3	New Access	£20,000.00
